to be a cover and close the book.

Step 7

Fold again lengthwise. The cut will enable you to collapse the book and create a "cover" and pages.

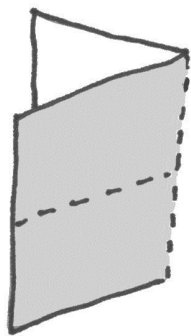

Step 6

Step 1

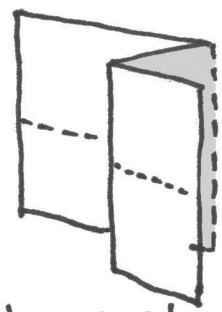

Fold paper in half, lengthwise (hot dog style). Open.

Step 2

Fold paper in half widthwise (hamburger style). Leave closed.

Step 3

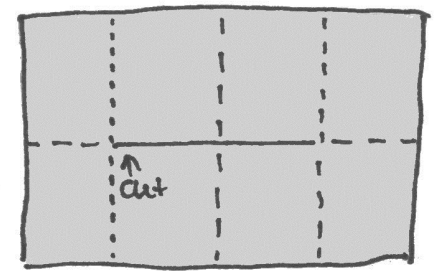

Fold one edge of paper back to meet the fold you made in step 2.

Step 4

Repeat with other edge.

Step 5

Cut along solid line (only the two middle sections!)
